

2026-2027 Hunting Updates

ERNST SEEDS

EST. 1964

- **NEW CHANGES!!!**
- Hunting, Trapping, and Fishing Permit on Private Land of Ernst Farms 2026 is **now available online**. As we **no longer are required to collect information, simply download and print** the permission slip, read through, sign it, and keep it with you while on Ernst Properties. **Paper copies are available in the white box outside of the front office 24-7.**
- **ATV Permission still needs to come into the office during standard business hours.**
 - **Items needed for ATV slip** - license, registration, and insurance.
- Agricultural Deer Control Program Special Permits (AG TAGs) will be **available by online request ONLY through a submission request** when slips become available. A packet including the maps, coupons, and rules and regulations will be sent to you by mail.
- Property updates and color changes have been added to both **online and On X maps.**
- Please **direct all hunting questions to the individual employees listed below.**
- Sunday Hunting on Ernst Properties is allowed.
- New Food Plot mix is available - **Ask sales!**

Note from Ernst Farms

Over the past few years as we have digitized our maps, and increased accessibility to hunting areas within our properties, we have had the pleasure of talking with many of you about different properties, settling disputes, and gaining a better understanding of the properties and hunters. We appreciate the well-mannered disposition you have all displayed and look forward to working with you this season and going forward. Please let us know how we can improve and keep reaching out.

Good Luck this Season - Ernst Farms

Available: Green - Hunting is allowed unless posted signs say otherwise or you are asked to leave during standard Hunting Seasons.

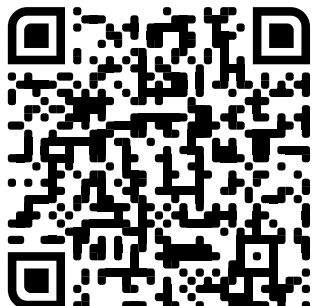

Available AG TAGS: Blue/Teal - Hunting is allowed unless during standard Hunting Seasons and available for AG Tags picked up at the Ernst Office during AG Tag Seasons.

Not Available: Red - No Public Hunting for non-specific reasons.

Our Favorite Seed Mixes this Year

Multi-Purpose/Multi-Year Wildlife Food & Shelter Mix

This combination of annual milo, millet and sunflowers provides excellent first-year coverage for pheasants and migrating birds on well-drained, upland soils. It is also a companion crop for the warm season grasses and partridge pea, which create perennial food and shelter for all types of wildlife.
