| <b>100.00 %</b>                                       | <b>Mix Price/Lb Bulk:</b>            | <b>\$65.33</b>  |

**Seeding Rate:** 20 lb per acre, or 1/2 lb per 1,000 sq ft with a cover crop. For a cover crop use one of the following: grain rye (1 Sep to 30 Apr; 30 lbs/acre), Japanese millet (1 May to 31 Aug; 10 lbs/acre), or barnyard grass (1 May to 31 Aug; 10 lbs/acre).

Grasses & Grass-like Species - Herbaceous Perennial; Wet Meadows & Wetlands

This wetland restoration and mitigation mix contains some of our most popular native species to create a permanent grass and forb cover. Seed from October-May in full sun or partially shaded areas in rich, wet, saturated soils; tolerates standing water during the dormant season and part of the growing season. Mix formulations are subject to change without notice depending on the availability of existing and new products. While the formula may change, the guiding philosophy and function of the mix will not.

**Price quotes guaranteed for 30 days.**  
**All prices are FOB Meadville, PA.**
