Uplands & Meadows; Wildlife Habitat & Food Plots; Wildlife Habitat & Food Plots - Herbaceous Annual; Wildlife Habitat & Food Plots - Herbaceous Perennial

A food plot mix the first year. If planted before July 1st, it converts to a native warm season grass stand for permanent cover and food for quail, turkey, pheasants, deer and non-game animals. Mix formulations are subject to change without notice depending on the availability of existing and new products. While the formula may change, the guiding philosophy and function of the mix will not.

Price quotes guaranteed for 30 days.
All prices are FOB Meadville, PA.
